4. Is lunch provided?

Pending approval, we will be providing FREE breakfast and lunch through the Fallsburg School District this year. A breakfast and lunch menu will be sent out ahead of time so families know what options their children have.

For the campers in kindergarten through second grade a variety of activities are provided. These children will travel with the same group throughout the day.

11. How does swimming work?

Swimming is one of our most popular activities. The Morningside Park pool provides a great environment for water activities. All children are swim tested based on their abilities. The results of this test determine what area of depth the children are allowed to enter in the water. Upon entering the pool area the children are supervised by both camp staff and a team of certified lifeguards.

12. Can my child bring toys/electronics?

GREAT FUTURES START **HERE.**

Yes, Camp is about having fun. We make sure to supply anything needed for our activities. We have found that many kids also like to bring items from home for use throughout the day. **However, we are not responsible for any items lost/stolen during the camp day.** When in doubt, leave it home.
